
MEET STAV

My name is Stav Krayem and I am the Caravan Peleg's leader for 2016! I am 23 years old and live in Ness Ziona—a small town in the center of Israel.

My whole childhood revolved around two main things: playing the trumpet and being in the scouts. I played trumpet since I was 10 years old. When I was older I joined my town's orchestra and even participated in a competition in Israel and Europe. When I was 14 I and a group of friends founded the Tzofim chapter in Ness Ziona—Shevet Shahaar. When I was 17 I was lucky enough to fly to the US as a member of the Tzofim Friendship Caravan in 2009.

After graduating from high school, I did one year of community service and volunteered in a boarding school for at-risk youth. It was probably one of the most rewarding experiences of my life. After that year, I joined the IDF and served for two years as a commander in the air force pilot academy. It was important for me to be in a role where I could influence people and serve my country in the best possible way.

My two biggest hobbies are traveling and photography. I love to see new landscapes and meet people from other cultures. All of this led me to a wonderful and challenging year in AFRICA! For the past year I traveled and volunteered in East and South Africa.

Since I came back I have been writing exams to be accepted to university next year, traveling in our beautiful country, and the most important thing—working with the wonderful kids of the 2016 Tzofim Friendship Caravan and preparing for our amazing experience this summer and meeting you!
