Interim Recommendations for Council Involvement in the Sherman Park Neighborhood:

1. We encourage involvement by Jewish volunteers (who live outside the neighborhood) in specific projects in the Sherman Park neighborhood. In particular, we recommend the volunteer opportunities at the Boys and Girls Club branch in Sherman Park, the renovation of the Sherman Theater, and the myriad of programs organized by the Sherman Park Community Association (SPCA).
2. We encourage attendance at SPCA's annual Sherman Fest and at its town hall meetings in order to get a better sense of what residents of the neighborhood want. If the neighborhood's Jewish community sponsors a booth at Sherman Fest, we support having the Council represented at the booth with volunteers and handouts.
3. We need to improve relations and contacts between the Orthodox Jewish community of Sherman Park and the rest of Milwaukee's Jewish community.
