Re: MJF Wellness Memo
Date: Tuesday, October 6, 2020 3:45 pm CT

This memo is a daily synthesis of critical information and trends about the pandemic that are relevant to the Milwaukee Jewish Federation's work of caring for the needs of the Jewish people. While the information is intended for use by MJF leadership, we are also sharing it with other community leaders. If you have questions, please contact Anna Goldstein at AnnaG@MilwaukeeJewish.org or 414-390-5733.

Funding Resources

- **Governor Tony Evers** announced more than $100 million in investments aimed at providing additional economic stabilization for small businesses and communities hardest hit by the COVID-19 pandemic. The new infusion of funds includes an additional $50 million for “We’re All In Grants,” an economic development grant program launched by Wisconsin Economic Development Corporation this summer. More than 26,000 businesses received “We’re All In Grants” statewide, but many continue to face economic challenges from the pandemic. Today’s announcement also provides further investments in economic stabilization programs to support the lodging and tourism industry, live music and performance venues, cultural non-profits, and privately-owned movie theaters. Learn more about the programs and apply.

- **The City of Milwaukee is offering grants to Wisconsin commercial property owners**, including educational institutions, nonprofits, and religious groups, for environmentally friendly projects located in eligible areas of the City of Milwaukee. The City of Milwaukee is partnering with the Milwaukee Metropolitan Sewerage District (MMSD) to support green infrastructure, which uses stormwater management to protect, restore, or mimic a natural water cycle. **Green Infrastructure Grants** can fund up to 50% of total project costs, not exceeding $25,000. Applications will be accepted on a rolling basis. Calculate your projects approximate stormwater capture using MMSD’s easy to use online **Green Infrastructure Sizing Tool**. This will be required for all applications. Get more information. Questions regarding the grant program and completed application may be directed to GreenLots@Milwaukee.gov.

- **The Wisconsin Mathematics Education Foundation (WMEF)** is offering grants of up to $1,500 to Wisconsin PK-16 math teachers or teams of educators for a range of professional development opportunities. Funding is intended to improve mathematics instructional practices. Funding may be used to support coursework or attendance at conferences or workshops. Interested teachers, grade level groups, and school districts are invited to submit a proposal to AwardsWMEF@gmail.com by Tuesday, December 1. Contact WMEF.

Local Resources
Governor Tony Evers directed Department of Health Services (DHS) Secretary-designee Andrea Palm to issue Emergency Order #3 limiting public gatherings to no more than 25% of a room or building's total occupancy. The directive is effective at 8 am on Thursday, October 8 and will remain in effect until Friday, November 6, and applies to any gatherings at locations that are open to the public such as stores, restaurants, and other businesses that allow public entry, as well as spaces with ticketed events. See the order and list of exemptions and review frequently asked questions. Today, DHS reported an increase of 2,020 confirmed cases of COVID-19; 18 new deaths, and the seven-day average of new daily COVID-19 cases is 2,346, up from 836 one month ago. According to DHS’ Disease Activity Dashboard as of September 30, 45 of Wisconsin counties meet the threshold of a very high disease activity level, which means that there are more than 350 cases per 100,000 people in that county. All other counties reported high case activity levels. This means Wisconsinites should assume they will likely be exposed to the virus if they leave home and should practice all safety precautions.
