

THANK YOU

for Ensuring Your Generosity Will Last Forever

As we recently have been reminded, we never know what tomorrow will bring. During this extraordinary time, the Milwaukee Jewish Federation is especially grateful to amazing donors like you who have chosen to forever preserve their Annual Campaign gift through an endowment. Thank you for your foresight, which makes certain that our Jewish community remains strong and vibrant now, and many years from now.

In light of today's challenges, the Federation's Jewish Community Foundation is working even harder to encourage even more donors to fully endow their Federation Annual Campaign gifts, just as you have.

Since you are a philanthropic leader, we would love to highlight your dedication and ideally inspire others to establish their own vital endowment. Would you consider being featured in our endowment materials, or even talking with other Federation donors about the importance of ensuring their generosity lasts forever?

Please give this some thought and contact Mitch Moser, Jewish Community Foundation Executive Director, at MitchM@MilwaukeeJewish.org or (414)390-5718, to discuss your interest in serving as an endowment ambassador.

Thank you again for your incredible commitment and generosity. Thank you for ensuring we can rise to meet whatever challenges we face today and far into the future.
