Noar-Bogrim - Counselor

- 18 years old + finished with high school (will consider younger high school graduates on case by case basis)
- Starting at \$3,275/7 weeks

Bring your love of outdoor activities, arts, crafts, cooking and other hobbies and interests to our 11-14 year old campers! We combine on-site creative activities of all types with off-site outdoor experiences. We are looking for applicants who would be excited to share their interests with others, and who enjoy being outdoors and active during the summer. We provide training and will entertain proposals for internships.

Camp work is a great resume builder - you will be given the opportunity to develop and use leadership, organizational, collaboration, and problem-solving skills. Get paid to hike, swim, kayak, cook and try out your favorite activities with a great group of kids! Applicants must possess strong people skills, be responsible, collaborative, motivated and positive. This is a seven week position that leaves most evenings and all of your weekends free. We look forward to talking with you!
