SECOND GRADE LEARNING GUIDE

Congregation Emanu-El B'ne Jeshurun in Milwaukee, WI seeks to welcome a new second grade learning guide (previously called teachers) into our Romemu (our youth educational program) team who is a facilitator of conversations and research, creators of community, and scaffolders of creativity and reflection. You are knowledgeable about Judaica and are able to connect Jewish content to learners' lives. We strive for all of our learning guides to serve as mentors to learners on their Jewish journeys and focus on meeting, accepting, and including all learners wherever they are. Our learning guides desire to share one's specific expertise with others, i.e. dance, yoga, meditation, photography, sports, etc. This may be the position for you, if you want to be part of a team that values your social, emotional, spiritual, intellectual skills and will challenge you to grow professionally and personally.

Please submit your resumes to [Susan Cosden, Director of Lifelong Learning at scosden@ceebj.org](mailto:scosden@ceebj.org).
